## **YAHWEH IS LEADING:**

Prophets were used to build the foundation of Yahweh's Church. But review the Old Testament. There was no church, yet prophets were still speaking Yahweh's will. Take a look at Revelation and how prophets are yet to come and will say what Yahweh wills. Can the ones who misuse what Hebrews says take a new look? I bring prophets forward for different power placements, not only to build foundations. And Christ is noted as the Chief Cornerstone. Is that His only power placement? Is that all Jesus took on, being a Chief Cornerstone? Come under Yahweh's order and understand. The prophet's placement does not start in the human. I—Yahweh—hold the prophet's traits, and I yield them forward when a course adjustment is needed. And just because I was silent for hundreds of years, as was done on multiple occasions, does not mean I won't ever speak again. Yahweh's timing is not man's.
