

SILENCE IS CLOSE TO ME

HEAR YAHWEH'S HEART ON THIS:

Think about the Holy of Holies from the Tabernacle. There was no yelling, no screaming, no dancing.

No noise.

When the priest entered, he entered a silent room. With the potent presence of Yahweh, the majority of the Church could not bear the weight of My actual presence. They say that Yahweh is everywhere and that there is no weighty plan. Look at the model of the days of old: the closer you come before Me, the more I will not be able to tolerate your sinful way. I would slay the one who enters My potent presence with a sinful way of irreverence. The Spirit of the Lord can come within a person, but within this Church-era timing, I put a blanket of grace that keeps the Church and those who would engage Me, under a safe way. Would I strip grace in preparation for the age of the antichrist? It's not written in the canonized plan. But is it a mandatory side effect? How can grace cover when the antichrist will strip the earth?

Beware. The old way of "church" must be done with. What sign is there to show what is coming? Call upon Yahweh, and I will meet with the one who seeks after Yahweh. Let no one deceive you. Check yourself. Make sure you are still in the faith.
