

# PURE EVIL WALKS THIS EARTH

AGE OF THE ANTICHRIST

PART SEVEN

Updated on July 5, 2025, to remove the servant's way.

## **YAHWEH IS LEADING THE WAY:**

This is the beginning of this part dealing with **Pure Evil** and his side demon, **Murder**.  
Speak, servant.

## **SEERSGATE SAYS THIS:**

It has been a great way of training within the thirty-year span that still makes me wonder if I am actually ready to take hold of all Yahweh has. The thought of being hated for placing a full weight upon the power way of seeing makes me feel alone. I know Yahweh is always with me, but I still have my spirit seeing taken away so I could learn how Yahweh trains His servants to hear.

The way of a powerful prophet will always take on a powerful covenant with the "god" they worship. I have served Yahweh off and on for a season of natural time, but there came the point in time where I had to give in to living a holy, set apart life for Yahweh's way. I serve King Jesus with humility, knowing that it will take Him backing up all messages, purpose, and the great plan He has shared.

I will now state things I have learned concerning the head prince of Satan named **Pure Evil**. Satan has many demons working with him, but here's a very important note: The Great Yahweh created all: angels (including fallen angels referred to as demons), humans, all living creatures, all that you see! All matter in its original state was created

by Yahweh. Everything formed that is seen and unseen is under God's power of being held together and sustained. Yahweh God Almighty is very powerful. You would say that "If Yahweh is this powerful, can't He prevent the sickness, the pain, and the heartache? If Yahweh is so powerful, can't He stop all the evil that's going on? Doesn't He care?"

So many people are killing other people. People are breaking the laws. Crime is rampant. People in the church also are not exempt from evil. Christians share in giving out evil as well as dealing with it in daily living.

The painful experiences can cloud one's judgment of the reality of there being a loving God, a God who cares. "Why would God look down from Heaven at my poor situation and care?" So, to avoid the pain of not getting an answer, people would say it is better to act as if there is no God, and even those Christians who once felt the joy of serving, would then harbor ill ways with Yahweh and stop wanting to be with Him.

The tradition of church attendance takes over. It's easier to pretend and keep up the pretense instead of facing the reality of no one being above receiving pain from living in this fallen world. "What?! Are you saying that even though I serve Yahweh, I am not exempt from painful experiences? I am not exempt from the evil actions of Christians and non-Christians?" No, dear soul. Satan does not categorize you based on your job, what you do in a church building nor who your acquaintances are.

So, is Satan more powerful than Yahweh? Of course not. But will Satan always be presented with a greater way of influence than Yahweh's culture? Let's think about how the way was when Yahweh walked the earth. He is the Son of God, taking on an earthly way to save us from sin. The God-Man—that's the Great Yahweh, named Jesus. When He walked the earth, King Jesus did not have to train to learn how to be the Way, the Truth, and the Life. Within King Jesus is the very nature of those attributes, and when a sinner turns to the Great King for eternal life, there is a transformation that takes way.

The spirit part of the person begins to turn as the person eats and drinks from the Vine, King Jesus—our Bread of Life, Sustainer, Prince of Peace, Emmanuel.

Within the Kingdom of Yahweh, Kingdom citizenship is given. Along with Kingdom citizenship, there is a spiritual shift within the believer. As the believer yields to Yahweh's purpose and lets His power bring them a cleansing within, with spending time with Yahweh, reading the Word of God, and communing with Him, changes take over. The person will crave to be more like Yahweh, live like Him, hear His Word in their daily living.

The person who yields to the Spirit of God begins to embrace how Yahweh sees Kingdom culture and shares the King's will with others. God's Spirit leads within those who are His, those who choose to steer away from sin.

You get to choose who you will serve. Every person gets to choose between life or death. But here's the key to remember: Each human is already born with a sinful nature, which means it doesn't matter if your parents baptize you as a baby or sign you up for church attendance as a youth; you will still have to choose to come over into Kingdom living through Jesus.

When Adam and Eve disobeyed God in the garden of Eden, the fall of man took place. And from that time, every person born into this world is born in sin. Good works do not change the sinful nature. People are misled into thinking that all their serving the community and giving to their local church, and telling the priests their sinful deeds will make them a pleasing way to Yahweh.

There is only one way. The way is through King Jesus. And even when a person chooses the way of eternal life in salvation in the blood of Jesus, the sinful nature still influences us because we live in a fallen world!

Satan and his demons are here on Earth. The Hell is literally in the heart of the earth—a spiritual place that holds all those who are not under the blood of King Jesus, those who chose this. Yes, there is only one way to live continually in a pleasing way, in right standing with Yahweh: The blood of King Jesus would need to cleanse us from all unrighteousness in a continual plan. Each day, a person is bombarded with the ways of the world, the sinful nature, and with opportunities to choose Satan’s nature. And each day, each person has to actively resist temptation, the worldly snares, and hold on to Kingdom culture through active yielding to Yahweh’s will.

**Pure Evil:** How do we resist this devil? It’s not about having a greater surging or more money or natural power to control. Yahweh does not use leverage, nor does He use the way of control. Yahweh wants all of us to choose His way over the ways that are against His nature.

But what seems appealing about **Pure Evil**? He caters to fleshly fillings, making us feel more important than we ought to, putting our fleshly way before the eternal weight of our ways of actions. What we take ahold of and embrace will influence our eternal outcome. Every act is recorded. Every word spoken is written down and will be weighed. Our eternal way is measured.

Even levels of punishment and rewards are weighed based on how we live, yet eternal life cannot ever yield forth from how much good we do. Is there a real Kingdom service that is under the approval of Yahweh’s plan, or are we aiming to receive high praise from the leaders? Who is getting the way of praise? Which lowercase god influences daily decisions?

**Pure Evil**—one of the most vicious demons under Satan’s arsenal—wields out the greatest torture and doesn’t view a real way of worth to human life. **Pure Evil** literally carries the opposite nature of the Great Holy Spirit. Now, there are levels of evil. **Pure Evil:** to receive the name of **Pure Evil**, there is an amplified surging that oozes,

infiltrates, and merges with what surrounds. Evil can be slowly taken in through things such as movies, video games, books, and real-life engagement with the spirit world and natural experiences. Yet, the way it is reviewed in the original state of evil can begin to sear the person dealing with what is experienced, giving their flesh a way to embrace greater levels of evil over time.

A person may get bored and think that if they participate in the viewing or experience of something more extreme, it could bring them a jolt of excitement, a thrill that may bring them a way of false life. People think that the more extreme the sin, the more others may think they are actually living in freedom. And they would then say that Christian living is boring due to Yahweh's will for us to live under Kingdom order.

But wait. Is there a shift in the person who feels that living for King Jesus is boring? Have they really chosen to turn, with repenting from sin, actively choosing to allow God to bring them under the nature of Yahweh? This way to live for King Jesus has a way of true love, loving God for His plan to bring you reconciliation. He loves so deeply that He doesn't hold your sinful past against you. He doesn't make you continually seek forgiveness for something you released to Him. Yahweh is not a human who holds anger and makes you stay in condemnation.

**Pure Evil**—this demon makes killing a human a hobby, something carried out for fun. When **Pure Evil** overtakes, humanity is removed. Mercy does not exist within **Pure Evil**, the demon. Horror movies have various stages of evil, laced with **Pure Evil's** nature. These horror movies reveal the "fear" nature, enabling a doorway to open so that **Pure Evil** can torment.

You can one day watch a person get murdered on the TV screen, and then as the murder nature joins in with the lack of human value, the torment shifts on the action scenes, providing more details of gore and shedding of blood. The person soon craves even darker

torment: They want to see cannibalism, with realistic ripping away of human flesh. They want to feel like they are there in the heat of the torment, about to get destroyed also.

**Pure Evil** is absent of love. There will be no plan to beg for TV time to share the Gospel. There will be no freedom of speech when the antichrist rules. No White, Brown, Black, or Yellow person can claim special privilege when Satan is in a leading way. I am a woman of mixed race. There is no will to shame any race, color, creed, or gender. Yahweh makes it clear that no variation of skin color will be placed upon a pedestal and viewed as more important than another. No color will be prominent. Only will **Pure Evil** expect all living to worship his master Satan and bow low before the antichrist. Is that point understood?

The battle is for souls, not so your freedom to live with your social media platform and have your favorite meals and vote for your next face can be preserved. There will not be any superpower able to halt the carnage pushed forward from a world-level killer who longs to punish anyone who doesn't worship Satan's way. There is no free will with Satan, and **Pure Evil** will ensure that every human given to be seen walking the earth will drink the viciousness of being abused in the greatest ways.

What leader from the days before were filled with such great hatred for human life that would gauge the antichrist? No world leader, no tyrant or evil ruler, has a full stream of **Pure Evil**. **Pure Evil** cannot be saved with eternal life. **Pure Evil** literally shapes the antichrist and grooms him for service to be a man without fear. Some would say, "Oh, I want to be fearless." That is not the connotation that is referred to here. To have no fear of killing any human, Satan will train his student to shred the flesh from his family members' backs. No remorse, for **Pure Evil** is absent of love, of painful heart feelings, of caring.

And when there are stories upon the earth of a human who kills, hurts, or uses destructive ways to get what they want, they are dabbling in being under the influence of **Pure Evil**. Along with being in the sinful state, the demon, **Pure Evil**, ensures a surging of evil

magnified within the individual. With **Pure Evil's** surging, more of Satan's nature will manifest and cause a great influence on those dealing with the person held to Satan's plan.
